**Discover Black Pearl Precious Lifting Serum and Cream,
your best ally to shade off wrinkles**

With the **Black Pearl Precious Lifting Serum and Cream**, discover our revolutionary new line of skin care with **its immediate lifting effects**, preciously reversing the effects of time. Your skin is regenerated in depth; facial contours are redefined and tightened.

This line is an exclusive innovation of the Hélène Laboratories, stemming from a technology in the forefront of the anti-ageing treatments.

The **powerful synergy of these two technically advanced formulas** is inspired by the beauty secret of Asian women who use black pearl extract for centuries for its “magic” anti-ageing virtues which regenerate cells in depth for a skin as radiant and as perfect as nacre...

The **Black Pearl Precious Lifting Set** constitutes an intensive revitalizing treatment with immediately visible lifting results. It is your best ally to delays skin’s ageing process and shade off wrinkles for a revitalized and younger-looking complexion.

BLACK PEARL PRECIOUS LIFTING SERUM

Strengthening the action of the Black Pearl Precious Lifting Cream, the Black Pearl Precious Lifting Serum regenerates the skin day after day and stimulates the natural synthesis of collagen thanks to Carnosine, a natural free-radical scavenger with a high antioxidant power and immediate lifting and firming effects. This miracle ingredient acts as a shield to the glycation, one of the main causes for skin-ageing.

BLACK PEARL PRECIOUS LIFTING CREAM

The Black Pearl Precious Lifting Cream delivers additional targeted nutrients reinforcing the overall results of the serum, regenerating, nourishing and replenishing the skin. Its powerful active ingredients help repair age-related damages, progressively restoring a cutaneous barrier against external aggressions, and preserving skin elasticity and density. Its photo-reflecting agent confers a splendid radiance to the complexion.

Application: Every morning and evening, apply the Black Pearl Precious Lifting Serum over cleansed and toned face, neck and décolleté using a gentle ascendant circular motion. Proceed as well with the application of the Black Pearl Precious Lifting Cream for enhanced results.

Key ingredients:

- Black Pearl extract
- Hyaluronic acid wrinkle-filling spheres
- Collagen Synthesis-Stimulating Peptides
- Carnosine
- Tensing Agent for an immediate mechanical lifting action
- Photo-reflecting agent
- Caffeine
- Vitamins A, C and E
